## A. REISSUANCE AND PURPOSE

This Instruction reissues reference (a) to implement policy, update responsibilities, and establish procedures affecting the RCCPDS.

## B. APPLICABILITY AND SCOPE

This Instruction applies to:

19960719 094

1. The Office of the Secretary of Defense and the Military Departments including the Coast Guard, by agreement with the Department of Transportation, when it is not operating as a Military Service in the Navy.

2. All officers, warrant officers, enlisted personnel assigned to the Ready Reserve, the Standby Reserve, and the Retired Reserve. Reservists on active duty who continue their assignment with a Reserve component are included, included also, are Reservists who are ordered to active duty for operational missions and contingencies short of full mobilization. Reserve Officers' Training Corps (ROTC) cadets and midshipmen, who are not members of the Simultaneous Membership Program (SMP), are excluded. Also excluded are individuals who have elected discharge after completing 20 or more creditable years of service qualifying for non-regular retirement under Chapter 67 of 10 U.S.C. (reference (b)) instead of transfer to the Retired Reserve. The Defense Manpower Data Center (DMDC) shall maintain a historical file of such individuals to assist in the estimation of future retired pay obligation.

3. Enlisted members of a Regular component who also hold a Reserve commission. They shall not be reported in the RCCPDS.

4. Reserve members who are serving on extended active duty (180 days or more) regular component and are paid from regular military personnel appropriations or assigned to the Selective Service System (SSS) (other than as individual mobilization augmentees to the SSS). They shall not be reported.

#### C. POLICY

1. The RCCPDS is the automated information system and associated database established as the official source to provide statistical tabulation on Reserve component strengths and related data for use throughout the Department of Defense (DoD), other Government Agencies, the Congress, and for appropriate public release by the Assistant Secretary of Defense (Public Affairs) (ASD(PA)) (DoD Directive 1205.17, reference (c)).

2. The requirements and procedures prescribed by DoD 5400.11-R (reference (d)) must be followed to safeguard personal data contained in this reporting system. Individuals having access to identifiable personal information may be held personally responsible and punishable under the law for making unauthorized disclosures.

#### D. RESPONSIBILITIES

1. The Assistant Secretary of Defense for Reserve Affairs shall:

a. Establish policy and provide guidance for Reserve Component Categories (RCCs), personnel transaction accounting, personnel data items, definitions, and accuracy standards.

b. Provide policy guidance to the DMDC on the content and use of the RCCPDS including data fields, definitions, frequency, format, and the content of periodic and special RCCPDS reports, in accordance with the responsibilities detailed in DoD Directives 1205.17 and 5125.1 (references (c) and (e)).

c. Revise and maintain this Instruction, as necessary, to update data requirements and provide accurate and effective guidance on personnel data management to the Military Departments and their Reserve components.

d. Use data elements standardized in accordance with DoD 8320.1 (reference (f)) and associated manuals DoD 8320.1-M and 8320.1-M-1 (references (g) and (h)).

2. The Deputy Under Secretary of Defense for Requirements and Resources shall:

a. Ensure that Reserve component military personnel information requirements for actuarial valuations and for effective Total Force military personnel management are identified to the Assistant Secretary of Defense for Reserve Affairs (ASD(RA)).

b. Exercise such policy guidance and management supervision for the DMDC, consistent with Under Secretary of Defense for Personnel and Readiness responsibilities in DoD Directive 5124.2 (reference (i)), as required, to ensure that adequate resources are available and used by the DMDC to fulfill its responsibilities.

c. Ensure that the Director, DMDC shall:

(1) Operate and maintain the RCCPDS, including computer support, software development, quality control, inquiry capabilities, and administrative support.

(2) Develop, produce, and distribute all periodic and special RCCPDS reports.

(3) Provide programming and analytical support to the ASD/RA for special studies requiring use of the RCCPDS.

(4) Provide software modification for the RCCPDS to reflect the changing nature of the Reserve components.

(5) Inform the ASD/RA of data produced from the RCCPDS for other users and of the state of quality of the information submitted to the RCCPDS by the Reserve components.

3. The Secretaries of the Military Departments and the Commandant of the U.S. Coast Guard shall:

a. Provide the Reserve components of the Armed Forces with the support necessary to maintain personnel data system capabilities as necessary to provide timely, accurate, and complete data to the RCCPDS.

b. Prepare at the end of each month, and submit within 20 calendar days, a "Master Officer File" and "Master Enlisted File" reflecting the status of each member of the Reserve component as of the last day of each month, as stated in enclosure 2.

c. Prepare at the end of each month, and submit within 20 calendar days, an "Officer Transaction File" and an "Enlisted Transaction File" reflecting the gains, losses, reenlistments, extensions, and transfers of Reserve component personnel that occurred during the reporting month, as stated in enclosure 4. Transactions processed within 45 days of the effective date of the file due to data lag shall not be considered late.

d. Edit monthly submissions according to the editing concept defined in enclosure 3.

e. Perform a quality control validation of the data before submission to the DMDC.

#### E. PROCEDURES

1. The following categories of Full-Time Support personnel shall be reported in the RCCPDS:

a. Active Guard Reserve (AGR). National Guardsmen including National Guardsmen serving on full-time National Guard duty and Reservists on active duty to provide full-time support to the Ready Reserve who are paid from National Guard or Reserve personnel appropriations.

b. Military Technicians. Federal civilian employees of a Military Department who occupy military technician positions and who are required to be members of the Reserve component that they support.

2. Records reported in RCCPDS, the official DoD vehicle for reporting Reserve component personnel strengths, may not be reported in other DoD strengths. Additionally, to support the accuracy of strength data in the system, the Military Departments and their Reserve components shall ensure that:

a. All strength-affecting changes are processed and reported without delay.

b. All master and transaction files are edited before submission following the procedures in enclosure 3.

3. Requests to provide specifically tailored reports and inquiries to system users shall be directed to:

Defense Manpower Data Center  
1600 Wilson Blvd., Suite 400  
Arlington, VA 22209-2593

4. RCCPDS data required by the SSS and the Department of Veterans Affairs shall be provided by magnetic tape extracts of data submitted in compliance with this Instruction and other applicable Directives, Instructions, and formal inter-agency assignment.

5. Information from RCCPDS shall, as prescribed by DoD Directive 1200.7 (reference (j)), be provided annually to Federal Agencies for their use in screening their employees who are also members of Reserve components.

6. RCCPDS data validity shall be ensured, as follows:

a. The following shall be critical data for all Reserve component members. The goal shall be 100 percent validity to ensure acceptability in the system (enclosure 2):

| RECORD<br>FIELD | DATA<br>FIELD   | RECORD<br>POSITION |
|-----------------|---|--------------------|
| 1               | Reserve Component   | 1 and 2            |

TRANSACTION AND EDITING PROCEDURES  
FOR SUBMISSION TAPES

A. TRANSACTION CONCEPT

1. All transactions flowing into the RCCPDS from the Reserve components apply to gains and losses (including transfers, reenlistments, and extensions). Report the appropriate Reserve Component Category (RCC) Designator and Component Training/Retirement Category (TRC) Designator for all transactions, as follows:

- a. For accessions, use codes for gaining categories listed in record field 92.a.
- b. For transfers, use codes for categories to which transferred listed in record field 92.d.
- c. For losses, use codes for categories from which loss occurred listed in record field 92.b.

2. The following conditions show examples of acceptable transaction practices:

- a. When a Service member is transferred from the IRR to the Standby Reserve, submit a transfer transaction (i.e., TN).
- b. If a Service member transfers from one State to another, and continues as a Selected Reservist of the same Reserve component, submit no transaction.
- c. If a Service member is transferred from the IRR, ING, Standby, or Retired to the Selected Reserve, submit a transfer transaction. Do not submit a corresponding loss transaction for the decrease in IRR strength.
- d. A loss to the Reserve component shall only be reported if a change from Reserve component appropriations to Active component appropriations occurs. That does not apply to Reserve component members performing duty for 180 days, or less, in support of an Active component mission that is being funded through Active component appropriations. Reserve component members shall be reported in RCCPDS in their current Reserve Component Category while performing that duty.

3. The occurrence of multiple transactions during a single reporting period is unusual. However, those must be reported against the same period in the same update cycle. The following conditions shall apply:

a. Include only valid gains, losses, transfers, reenlistments, and extensions.

b. Do not report record corrections resulting from erroneous gains, losses, reenlistments, or extensions. For example, if an erroneous "loss" is processed and then a corresponding "gain" is initiated during the same reporting cycle, do not report those transactions.

c. Ensure that the transaction effective dates of the various transactions are different.

## B. EDIT CONCEPT

All data submitted to the RCCPDS must be edited by the Reserve components for validity, reliability, and consistency before submission to ensure that the Reserve component strengths match the official strengths produced from the RCCPDS. At the Department of Defense, all master files and transaction inputs are edited before file update to ensure the accuracy of files and resulting reports. Use the following edit procedures to screen all input:

### 1. Master Files

a. Duplicate SSN in a Reserve Component's Submission  
When a duplicate SSN is found, accept the first occurrence and reject subsequent occurrences.

b. Duplicate SSN's Between Reserve Component Files.  
That procedure checks for duplication among Reserve components. It is applied after files are updated and does not result in rejects. As agreed to by the Reserve components, the DMDC shall provide each Reserve component periodic output from the RCCPDS to assist in reconciling errors. This periodic output, to the maximum extent, reduces the incidence of duplication, and encourages cooperation among the Reserve components.

### 2. Transactions

a. Gains and Transfers. Check all gain and transfer transactions for Service member's status on last month's master file (previous month's submission).

(1) A gain from outside the Reserve component is valid only if the Service member's record did not exist on the Reserve component's last month's master file. If the Service member's record already exists on last month's master file, the transaction shall be rejected and not be counted.

(2) A transfer from inside the Reserve component (i.e., from IRR to Selected Reserve) is valid if the Service

member's record existed on the Reserve component's last month's master file. If that condition is not satisfied, the transaction shall be rejected and not be counted.

b. Losses. All current loss transactions are also reviewed about a Service member's status on last month's master file. A loss to the Reserve component is valid only if the Service member's record previously existed. If not, the loss transaction shall be rejected and not counted.

c. Gain or Loss. Where simultaneous gain and loss, and reenlistment or extension transactions occur against the same record (SSN) during one reporting period, count each transaction.

d. Reenlistment or Extension. A reenlistment or extension transaction is acceptable to the RCCPDS if the record identifies the Service member as a Reservist and that record is in the Reserve component's master file of the previous month. When those conditions cannot be validated, the transaction shall be rejected and not counted.

3. Master File and Transaction File. Standard validity checks are made on all master file and transaction inputs to ensure that they conform to the code structure in Section 3 of this Instruction. For example, if a "GA" transaction were submitted, it would reject because its second character is "ALPHA" and the procedure requires a "NUMERIC" second character. Validity errors of the 100 percent critical data items in a record shall cause rejection of the entire record.

4. Master File and Transaction File Relationship.

a. During the month's reporting cycle, each gain, loss, reenlistment, extension, and/or transfer transaction shall have a corresponding impact on the master file for the same period. The following relationships exist:

(1) When a gain transaction is submitted, report a master file record on that Service member during the same cycle.

(2) When a loss transaction is reported, eliminate the master file record showing the Service member as a Reservist.

(3) When a reenlistment or extension transaction is submitted, the corresponding master file for the same period must reflect the individual as being in a Reserve component.

(4) When a transfer transaction occurs, the corresponding master file for the same period must reflect the individual as being in the new Reserve component category.

b. All transactions that cannot satisfy the relationships in 4.a.1-4 to the current master file shall be rejected and not counted.

GENERAL SPECIFICATIONS FOR SUBMISSION TAPES

A. Submit magnetic tape files separately for each Reserve component within 20 calendar days of each month's end (as of date of the file). Each component's submission will consist of four files: An officer master file, an officer transaction file, an enlisted master file, and an enlisted transaction file.

B. Order each file by Social Security Number (field number 3), in ascending order, beginning with "001010001." Additionally, sort transaction records with like SSNs on the ascending transaction effective date.

C. Multifile reels are permissible and preferred to reduce the volume of tape handling.

D. All tapes shall be extended binary coded decimal interchange code (EBCDIC), with standard IBM labels. Data set names (DSN) shall be seven positions without spaces or periods, as follows:

1. First position; Reserve component. Enter:

G = ARNG  
A = USAR  
N = USNR  
M = USMCR  
K = ANG  
F = USAFR  
P = USCGR

2. Second position; military personnel class. Enter:

O = Officer  
E = Enlisted

3. Third through sixth position, as of date. Enter:  
YYMM

4. Seventh position; type of file. Enter:

M = Master File  
T = Transaction File

E. Accompany all magnetic tape files with the computer-produced quality control edit. (See enclosures 6 and 7 for format.) The computer-produced edit may also serve as the letter of transmittal for the files.

F. Mail all magnetic tape files and quality control edits to the address shown in subsection E.d.7. of the Instruction.
